ISD Library Receives Grant

Librarian Linda Canty has announced that ISD's Library has been awarded a $1,500 grant through the Indiana State Library's Special Services Committee for the purpose of purchasing multicultural books.

The ISD community appreciates the State Library's support. ISD is proud of its library's services!

Congratulations

Director of Support Services Bruce Peters and K - 5 Teacher's Assistant Molly Peters have a new daughter, Hillary A. Peters. Hillary was born January 10. At birth she weighed 8 lbs 6 oz. and was 20 inches tall.

VIC Retreat

VIC Staff, Bill Coffey, David Reynolds, Gary McWhirter, and Winona Alter, met on Thursday afternoon and Friday morning, January 13 and 14 for a retreat. They invited several guests from other departments on campus: Louise Fitzpatrick, Carol Wild, David Geeslin, Debbie Fetzer, Kathy Smith, and George Stailey joined VIC Staff and Superintendent Laird. At the retreat, the group discussed the purpose of VIC and clarified its mission. It was agreed that VIC plays an important role at ISD.

VIC performs many duties including the publication of school communications such as the Campus Bulletin, and informs the public about the school. In accomplishing each of these tasks, VIC promotes a positive image of the school. Such a role is critical, especially during times of change and transition.

VIC Staff will continue to meet over the next few weeks to set short and long term goals and to clearly delegate responsibilities among the staff. A full report of their plan will be published in the Campus Bulletin as soon as the planning is completed.

For the time being, Winona Alter will continue to handle conference and meeting reservations. She may be contacted via Campus Mail or in the VIC Office. The Superintendent's office will assist in any way it can.

VIC looks forward to continuing to serve the school!

Thought for the Week:

"I wonder why ASL is so controversial? Is it because an ASL education would threaten those who are not fluent in the language?"

Jack Levesque, *DCARA Executive Director*

The ISD Campus Bulletin is published weekly during the school year

Interpreter Training Bill Update

Legislation to create and fund an interpreter training program was passed without opposition by the Indiana State Senate last week. If it becomes law, the bill will mandate a comprehensive program which will be offered through Ball State University in Muncie.

Because the bill includes appropriations (money), advocates fear an uphill battle in the House, and the possibility of a Governor's veto.

Deaf Community Services (DCS) Director Ann Reifel stated that "Indiana sorely needs more and better qualified interpreters. Over the past six months Deaf Community advocates and the state's professional interpreters have been working together on this issue. The January 21 unanimous vote in the Senate is an encouraging victory; however, the fate of the program now rests in the hands of the House of Representatives and ultimately, with Governor Bayh.

To show your support, please drop a *brief* note (handwritten is fine) to both:

Representative B. Patrick Bauer
Indiana House of Representatives
State House
200 West Washington Street
Indianapolis, Indiana 46204

Governor Evan Bayh
State House
Room 206
Indianapolis, Indiana 46204

or call (317) 233-5733 TTY - (317) 232-9600 (toll-free (800) 382-9841 or 9842) Voice.

Encourage them to pass -

Senate Bill 291 - Sign Language Interpretation."

Laird to D.C.

Superintendent Laird will travel to Washington D.C. to attend the Gallaudet University Regional Center Conference February 2 - 6. Debra Kloepfer, of Indiana's Deaf and Hard of Hearing Section (DHHS), will also represent Indiana at the conference. Individuals who wish to submit proposals for ways in which Gallaudet can assist Indiana are encouraged to do so. The Superintendent will accept submissions until February 1.

In addition to his conference duties, the Superintendent plans to meet with Deaf Community leaders while in Washington.

DOH Pamphlet

The Indiana Department of Health's (DOH) Office of Administration, Residential Facilities, has issued a pamphlet, featuring photographs by former ISD staffer Doug Travis and listing the facilities for which DOH has oversight authority. Copies of the publication are available in ISD's Visitor and Information Center.

Annual Vision Screening

The purpose of having a vision screening program is to identify students who need a further vision evaluation. Annual vision screening, as mandated by Indiana law, will be administered to students in Kindergarten and Grades 1, 3, and 8. At this time, ISD also includes students of appropriate ages in ungraded classrooms, students new to ISD, and those with suspected problems.

The vision screening will be provided by the ISD Health Center staff beginning in mid-February. Parents must notify the Health Center in writing no later than February 11, 1994, if they do not wish for their child to be screened.

Attention: Parents of ISD Students on Medicaid

Due to recent changes in Medicaid rules, a copy of each student's current Medicaid card must now be presented to various health care providers at the time of service.

Therefore, ISD must have a copy of each student's most recent Medicaid card on file at the ISD Health Center at all times. Without this copy on file, ISD will not be able to file with Medicaid, any needed health care or medications students may need while at school. As a result, the cost of any needed medical care would be the parent's responsibility.

Please send a copy of your child's Medicaid card to the Health Center as soon as possible.

Student Employee of the Week

Tony Howard works at ***Fazoli's Italian Restaurant***, 6231 North Keystone. Tony has been working there since school started last fall as a dining room attendant. His hours Monday through Thursday are 12:00 to 3:00 pm, Friday 12:00 to 2:30. His responsibilities include making breadsticks, passing additional breadsticks out to customers in the dining room, and taking care of the entire dining area. His managers and co-workers enjoy having Tony as part of their work team. Tony's positive attitude, strong work ethic, attendance, and friendliness have earned him a very high rating on both of his quarterly evaluations. Tony enjoys his work so much he is planning to go back to his hometown, Warsaw, and work at the local KFC (Kentucky Fried Chicken) after graduation.

The Fazoli's staff is pleased with Tony, and with having the Deaf community come in to eat at their restaurant. They are now talking about starting an ASL class for their employees!

A Note From The Superintendent

Many thanks to the staff, parents, and students who were able to make it to school last week during the unusual weather that struck the Indianapolis area. School closings, bus cancellations, and sub-zero temperatures disrupted everyone's routine. However, despite the confusion, we made it through a record-breaking week.

Unusually severe weather doesn't happen that often. Even though the educational departments were closed during the blizzard of '78, Brown Cafeteria Supervisor June Wellborn pointed out to me that some staff members were still at school, caring for the students who were stranded here. This is another example of our staff's continued commitment to ISD.

I appreciate the efforts that each and every one of you made.

The Grappler

Volume 1 Number1

ISD fielded a wrestling team this year for the first time in several years. For a first year program, we had 15 athletes come out. Not bad! We are a very inexperienced and young team. We had a rough time wrestling against other teams because of our lack of experience; however, our young men have kept their pride.

We are very happy with our first year wrestlers as they have kept their chins up and are stubborn for success even though we have not won many matches. As we begin the second part of our season, hopefully we will improve and get more wins. After the season we will begin to prepare for next year. Hope to see you on the mat next year!
